KELSO INDUSTRIAL GROUP EXPANDS WITH A NEW LOCATION IN EASTERN ONTARIO

MILTON, ONTARIO

Kelso Industrial is pleased to announce that we have recently expanded to Eastern Ontario with the launch of our new facility located at 8011 Highway 15, Carleton Place, ON. This location will serve as the Eastern Ontario location for both Kelso Blasting and Restoration and Kelso Coatings. The new location has a large blast booth, capable of completing surface cleaning and preparation.

We are also pleased to announce that Lloyd Schwantz has joined the Kelso team to oversee the expansion in Eastern Ontario. As a 25 year veteran in this industry, Lloyd brings to Kelso Industrial Group tremendous enthusiasm and expertise. He is 100% dedicated to each and every job with a “hands on approach.” He ensures the quality of products and workmanship while meeting ethical concerns for both the customer and the environment.

Lloyd has an extensive knowledge of soft media blasting, sandblasting, and floor and road grinding which has earned him much recognition in this industry. He has trained and managed crews for job sites, ensuring and maintaining proper industry safety standards at all times. Lloyd also has a proven record managing customer accounts, increasing revenue through sales and initiating and maintaining professional and positive relationships with current and new clientele. Lloyd can be reached at (343) 540-6772 or by email lloyd@kelsoindustrial.com.

ABOUT KELSO INDUSTRIAL GROUP

Kelso Industrial Group is named after the Kelso Conservation Area located near the Niagara escarpment and our head office in Milton, Ontario. Kelso is proud to provide non-toxic and environmentally friendly products and services to our customers. Formed in 2013, Kelso Industrial Group brought together Blaster Master, now Kelso Blasting and Restoration, and Revolutionary Concrete Solutions, now Kelso Coatings.

At Kelso, we have the experience and knowledge to handle your most complex blasting or waterproofing requirements. Explore our offerings and contact us to see how we can help protect and restore your assets. We also believe protecting the environment is as important as protecting our infrastructure assets.
